

Houston Sonics

~an AAU affiliated youth track club in Houston, Texas

Fund Raising Committee

Dear Potential Sponsor:

The Houston Sonics Track Club is an AAU-affiliated track and field organization that serves youth between the ages of six to eighteen throughout the Houston, Texas area. The mission of the program is to develop young athletes' physical and mental abilities while also fostering self-esteem and pride. The Houston Sonics Track Club provides opportunities for youth to define and reach tangible goals, instill respect for authority, and develop values that translate into responsible citizens for our community. Through a dedicated team of parents and volunteers, the organization takes a vested interest in each child's growth and maturity. The goal of our club is to have each child mature into a strong confident individual who has internalized the value that the **"will to win is important, but the will to prepare is vital"**. Our focus is, therefore, the development of the entire child, not merely his/her athletic abilities.

Throughout the track season, our athletes prepare by participating in weekly track and field events throughout the Houston, Texas area. In addition to these meets, those who qualify will have the opportunity to travel out of state and compete in the AAU Junior Olympics. This year, Junior Olympics will be held in Greensboro, North Carolina {July 24- August 3, 2019}.

As a part of the overall growing process, our youth will gain new experiences through travel, commitment, and teamwork. Your donation to our track club will be applied to assist all qualified athletes for their upcoming AAU/Showcase Season to help offset the various cost of traveling, food, hotel, and other expenses. Your sponsorship is greatly appreciated.

If you are interested in making a corporate donation, please contact one of our co-founders:

- Kenneth Jackson 281-788-7346
- Camille Jackson 713-446-8424

The Houston Sonics Track Club thanks you for your time and support.
